Webinar Series 2017-18

The IDEA Data Center (IDC) Presents: An Online Toolkit for Parent Involvement

March 15, 2018  3:00 - 4:00 Eastern

Please join us to preview and learn about the IDEA Data Center's (IDC) new Parent Involvement Online Toolkit! IDC will present an overview of the toolkit, which was developed to help states improve the quality of their parent involvement data.

During this webinar, you will:

- Learn how the toolkit can be useful in your role with your SAP, SICC or Parent Center
- Hear from a state that works closely with stakeholders to improve the quality of their parent involvement data.

While the toolkit was developed for Part B, we encourage those of you involved in your state's Part C program to attend. The principles and strategies described in the toolkit are also highly relevant to Part C's efforts to improve the quality of family outcomes data.
