

State Advisory Panel (SAP) and State Interagency Coordinating Council (SICC)

Webinar Series 2017-18

The State Systemic Improvement Plan (SSIP) What SAPs and SICCs Need to Know about the First Three Years

December 18, 2017  3:00 - 4:00 Eastern

In 2014, the Office of Special Education Programs (OSEP) implemented a balanced accountability initiative that focused on both monitoring and results. The initiative called Results Driven Accountability (RDA) was carried out in the new State Systemic improvement Plan (SSIP). States are now in Phase III of the SSIP and OSEP has asked its technical assistance centers to work together and conduct an analysis of SSIP efforts. On this webinar, we will learn about the findings in the current analysis and interact with individuals who conducted the work.

We will explore:

What issues are states focusing on and why?
How are state systems engaging their stakeholders?
What challenges do states anticipate?

We will seek insights from our participants:

How are SAPs and SICCs involved in the SSIP process?
Does the data suggest important questions for follow-up?
