PENNSYLVANIA - PART B STRATEGIES
Collaborating with SEAP to Develop State Priorities

December 7, 2016

www.education.state.pa.us
• The Special Education Advisory Panel (SEAP) serves as the state’s primary stakeholder group for advising on the Part B SPP/APR/SSIP.

• Panel members are actively engaged in developing the SPP/APR/SSIP.
Examples of Engagement

National and Regional Meetings:

• SEAP members attend OSEP sponsored national and regional meetings and institutes with state staff on topics related to SPP/APR/SSIP (OSEP Leadership Conferences, IDC Interactive Institutes, and NCSI Graduation Collaborative Meetings).

• SEAP members often co-present with state staff at these meetings and on national webinars and calls.
Examples of Engagement

Recommendations for Annual Targets:

• SEAP members engage in a structured ongoing interactive process to provide recommendations for annual targets for the SPP/APR/SSIP.

• They also attend public forums with larger groups of stakeholders who are providing recommendations for target setting.
Examples of Engagement

Active Engagement and Collaboration:

• Each SEAP meeting includes a presentation by the SPP/APR/SSIP team to update the Panel and solicit their input regarding data, performance, evaluation, dissemination and ongoing improvement activities.

• Two specific examples: (1) the Panel developed 11 “key questions” that will guide the evaluation of the SSIP, and (2) the Panel’s recommendations led to greater emphasis on family engagement as an evidence based practice to be implemented by the SSIP learning sites in year 2.
Examples of Engagement

- The SPP/APR/SSIP provides Panel members with data that helps define the Panel’s priority areas, e.g. advising the state regarding monitoring, development of state level policy, and other recommendations.
The mission of the department is to academically prepare children and adults to succeed as productive citizens. The department seeks to ensure that the technical support, resources and opportunities are in place for all students, whether children or adults, to receive a high quality education.

NEW HAMPSHIRE - PART B STRATEGIES
Developing State Priorities with the NH State Advisory Committee on the Education of Children/Students with Disabilities (SAC)
NH Statute expands the SAC membership to include:

• County correctional facility
• One individual representing home-schooled
• 2 members of house education committee
• 2 members of the senate education committee

NH Statute expands the responsibilities by requiring an annual report to the governor and the state legislature.
SAC members are actively involved in SPP/APR/SSIP
The State often looks to the SAC members to participate in other Stakeholder groups such as:

- Development of proposed administrative rules
- Implementation of state statutes
- Model forms
- Assist in spreading the messages of the state

SAC chairperson participates in the OSEP leadership conference
The State recently brought in John Copenhaver to assist SAC:

- Role of SAC and relationship with DOE
- Reviewing the bylaws
- Developing an orientation packet for new members
- Establishing priorities
The SAC’s Role of Advising

• Unmet needs

• Continue with projects that show growth

• New projects, initiatives and regulations
Challenges

• Recruitment of SAC members
• Training of SAC members
• Understanding the data literacy behind the SPP/APR/SSIP
